OBJECTIVE:

"A passionate and dedicated programmer with a strong focus on web and app development, aiming to leverage my skills in creating functional, user-friendly, and visually appealing digital experiences. Skilled in building responsive websites and mobile apps that prioritize both design and usability. I am proficient in modern development tools and technologies, including HTML, CSS, JavaScript, and mobile development frameworks, with a deep understanding of the importance of performance and accessibility. Eager to contribute my creativity and problem-solving abilities to a collaborative team, while continuously learning and growing
