Experience

Family-Owned Market Business — Malabon City, Philippines
Market Vendor — 2016 – 2020, 2026

- Executed daily retail cash handling and precise transaction tracking, resulting in a 100% balanced register across fast-paced shifts.
- Managed inventory tracking and replenishment for daily market stall operations, preventing stockouts and minimizing product waste.
- Communicated directly with diverse customers to fulfill specific orders, maintaining a high rate of repeat business and client satisfaction.

MC Taxi Service (Move It) — Manila, Philippines
Motorcycle Taxi Rider — 2024

- Transported passengers safely by evaluating real-time traffic and selecting optimal routes, improving on-time arrival rates.
- Utilized digital navigation, GPS, and ride-hailing applications continuously, maximizing daily trip efficiency across high-volume booking hours.
- Maintained professional communication and safety-first driving protocols on every ride, achieving a top-tier customer satisfaction rating.

Academic Project

WISP-FLOW: A B2B E-Commerce and Real-Time Inventory Management System with YOLOv8-Powered Quality Assurance and Box Counting for ICPI Inc.

- Developed a B2B E-Commerce storefront and inventory system that supports flexible production workflows for staff.
- Utilized a binary "Pass" or "Flagged" AI classification system using computer vision to identify missing parts in insect specimens.
